About the university

Novia UAS is a modern high class University of Applied Sciences (UAS) with campuses located in five cities in Finland. We offer high quality practice-oriented higher education at both Bachelor's and Master's levels as well as further education in Swedish and English within:

- Technology and Seafaring
- Health and Welfare Business
- Health and Welfare
- Natural resources
- Arts and Humanities

Novia UAS is an important developer of working life and industry near-by the campuses. In our strategic focus areas we are among the top of the nation and internationally recognised. Our goal is to build a strong network of partner institutions in order to promote mobility and create opportunities for other forms of international co-operation.
